BARREL GOODS

Rustic, designer barrel goods – made in the U.S.A.

Nestled in the Ozarks of Arkansas, the Reynolds family has been working with wood for more than two decades, guided by a deep respect for craftsmanship and the integrity of the materials they use.

Sono Inspired gives new life to reclaimed wine and whiskey barrels sourced from California to Kentucky, thoughtfully transforming authentic staves, heads, and rings into functional décor. Each piece is finished in a way that preserves the wood's natural character and reflects an environmentally mindful process.

We take pride in using every part of the barrel. Nothing is wasted. From handles and corner details to unique accents, even the original barrel metal is reshaped and repurposed into functional art—carrying the barrel's history into the homes of those who choose our pieces.
